Dear Josh,

I recently received the November issue of the Rockefeller University News and Notes with the picture of your inaugural address. Again, congratulations and best wishes.

I am coming to the States for the week of 9 April and will be in New York during the latter half of that week. I will be visiting, among others, the laboratories of the Biomedical Division of the Population Council, Dr W. Bardon and colleagues. Is there any chance of seeing you? At this stage I have no specific appointments after 11 a.m. on Thursday - would you have a spare half hour or so on Thursday afternoon?

*Apr. 11*

With best wishes, I am,

Cordially yours,

Alexander Kessler, M.D., Ph.D.  
Director  
Special Programme of Research  
in Human Reproduction

*Hi alex -  
Try my office Thursday pm.  
If I'm not back in town  
yet, how about Fri. 2pm?  
Josh*

PS I have asked Dr Bardin to see whether I could stay in one of the rooms at Abbey Aldridge from Tuesday evening, 10 April through the 15th
